

EXECUTIVE JETS ASIA

Press Release 10 Nov 2009

Hawker 700 added to the fleet

The Hawker 700 joined our fleet in Nov making a total of 4 jet aircraft now available for charter.

The Hawker was purchased from Europe and was flown in by our crew.

The Hawker 700, made by Raytheon, has a grand interior cabin making it a frequently requested aircraft for corporate and leisure charter. Able to accommodate eight passengers in luxury, the cabin is equipped with a full lavatory and a galley. The 700 travels at over 420 mph per hour and with a range of 2000 nautical miles or over 41,000 ft.
